Hi, my name is Coach Brad Linder!

Thanks for your interest in The F.A.T. Method® - The World's Greatest Weight Loss Program. I have helped over 5,000 people look and feel 10 years younger since starting my coaching career in 1998 and hope I can help you make you one of our next success stories.

You've probably tried other weight loss programs before, and maybe you've had some success, or a lot of success, but the weight came back.....because life gets in the way.

I totally understand. Your life is probably very fast paced and busy, full of responsibilities and commitments that make it difficult to always eat the healthiest foods and fit regular exercise into your schedule.

And that is EXACTLY why The F.A.T. Method works so well.

Because you don't have to eat "perfectly". You don't have to spend hours on the treadmill or lifting weights or getting all your "steps" in.

Of course, the better you eat, and the more exercise you get, the faster the weight comes off, and the healthier you'll feel...

...BUT...

...those things are not required to lose all the weight you want with The F.A.T. Method.

The F.A.T. Method truly is different and better than any other program you've ever tried before because it meets you where you are.

It's customizable to almost ANY situation (if you're unsure about your particular situation, just email me at brad@getyouinshape.com or text me at 214-253-0569 and ask - I'm here to support you).

In fact, the most common feedback we get from participants is...

"I can't believe how EASY this is!"

And that's why I can say with complete confidence that...

There is no easier, faster or healthier way to lose weight than The F.A.T. Method®. It is everything you've hoped for. It works as advertised.

And that's why I guarantee that if you just follow the program, you'll lose the weight, and it will be the easiest weight you ever lost. And you'll also know you don't ever need another weight loss program again.

We have so much proof of that. Tons of it. Just look through this Info Pack.

So, here's what I'm promising you:

✓ You will lose 10-30+ pounds in just 60 days (8 weeks).

How much you lose will depend on how closely you follow the program as I coach you through it, and on how much weight you need to lose. We've had folks lose 10 pounds which was about 9% of their body weight and we've also had people lose 30 lbs and it was only 6%.

✓ It will be the simplest, easiest and HEALTHIEST way you have ever lost weight before.

There are over 100 different reviews and testimonials from F.A.T. Method®ers in this Info Pack saying exactly that. I really encourage you to read them because these success stories are very revealing and inspiring.

And you can watch some F.A.T. Method® clients talking about their experience with the program by clicking on the picture below.

✓ The weight loss can begin right away, within your first week. You will be amazed at how easy it is.

We have clients that lost 3-7+ pounds...in their first week. 10-14+ pounds by the end of their second week. If you can follow simple, easy instructions...KNOWING they will produce the results you want...then The F.A.T. Method® will work for you.

But listen, I'm pretty sure by now you may be thinking this sounds too good to be true. And I get it. I understand.

That's what I thought when I first discovered The F.A.T. Method®.

But after experiencing it myself, and seeing HUNDREDS of others experience such tremendous success with The F.A.T. Method®, it's undeniable that this really is the world's greatest weight loss program.

I have the **PROOF** and the risk-free **GUARANTEE** to back that up.

But spots fill up fast. And it's first come, first served.

So if you're ready to secure your spot in my next 8-week program, then text or call me at 214-253-0569 or email me at brad@getyouinshape.com or message me on Facebook while this is fresh on your mind.

Just whatever you do, don't put this off. Our programs fill up fast.

I should also mention that...

There will be NONE of this stuff...

- ➔ **Cardio exercise** - No running. No biking. No rowing. No sweating necessary. Unless you want to. 100% your choice. I do encourage you to take a walk every day because it's a wonderful stress-reliever with tons of health benefits. But that's it.
- ➔ **Counting calories** - There will be ZERO calorie counting, because it's not necessary. Which is cool, because it's ZERO fun counting calories.
- ➔ **Counting macros.** Nope.

- ➔ **Weighing your food** - Ugghh! None of that.
- ➔ **Prepackaged meals** - Yuck, yuck, yuck. Eat what you love to eat, within reason. Food is meant to be enjoyed. That's why you'll need ZERO prepackaged meals! Just good, healthy, tasty options you love. Seriously. Pizza is ok. Lasagna, steak, potatoes, barbecue, even a little ice cream is ok. The real stuff. And if you enjoy beer, wine or cocktails, then you can keep enjoying them. Just in moderation. That's all I ask.
- ➔ **Supplements** - There's a time and place for supplements, but this ain't it. You will need ZERO supplements to succeed with The F.A.T. Method®.
- ➔ **Hours in the gym** - Hmmm, NOPE! Exactly ZERO hours in the gym are required. Although if you enjoy exercising then do it. But you don't need to work out in order to lose 10-30+ pounds in just 60 days with The F.A.T. Method®.
- ➔ **Obsessing.** Never again. Because you'll quickly realize The F.A.T. Method® is a LIFESTYLE, not a diet or a system. It's something that is so simple to do, so healthy for you, produces such incredible weight loss results so easily, and makes you feel so good about yourself, so empowered and in-control, with a new relationship to food that makes you happy and keeps you healthy.

Just so we're clear, you will do NONE of the things listed above.

And the weight will come off. Faster and easier than you think.

Without restrictive, low-calorie dieting that makes you hangry and light headed, unable to concentrate. And without shakes, pills, potions or gimmicks.

Yes, The F.A.T. Method really is that good.

And it's not just me saying that.

We have hundreds of reviews and testimonials from people just like you.

Real people. Real Results.

You can watch them tell their stories on video, too. So you know this is the REAL answer you've been looking for.

Just keep reading to see all their stories...

And now let's talk about...

How The F.A.T. Method ® Program Works

The F.A.T. Method is an 8-week program focused on quick, simple and healthy weight loss, faster and easier than anything else you can do.

I have clients from 23 to 74 years old. I care about my people. You are important to me as a human being, not just a "customer". And I'm invested in your results, even more than you can imagine. I want you to succeed, and I will help you every step of the way.

But, like I said, it's not complicated.

if you can follow simple instructions, F.A.T. will work for you. Because the process is so simple, with so few "moving parts". There's not much you have to do, as you'll see, other than be coachable and accountable.

You will get personalized coaching from me, and full access to me for support and guidance.

In addition to that, you'll also get...

✅ **Eight recorded zoom modules** – one each week of the program, so you can learn and understand how to use The F.A.T. Method to lose weight fast along with learning to implement new tips over time. (\$950 value)

✓ **24/7 Accountability Coach** - Unlimited access to Coach Brad. You will be getting 24/7 access to ask questions about nutrition, fitness and all things weight loss. Coach Brad has helped over 5,000 people since 1998. (\$999 value)

✓ **Member's Only Group** - Access to our private Facebook group so you can have the support and inspiration to lose as much weight as possible in the 8 weeks.. In the Facebook group there are lots of discussions and members are asking and answering questions all day / every day for the 8 weeks. There is a lot of motivation and encouragement going on in the group. It's really great! And I oversee it and respond to every question. (\$200 value)

✓ **6 Virtual Training Sessions A Week** - Weekly strength training workouts that you can do at home or at the gym so you can help the fat burning process and tone up. We can modify the workouts based on your specific needs. THESE ARE OPTIONAL and not required to lose the weight. But exercise is good for you, so we encourage it. (\$999 value)

OK, GREAT! HOW MUCH?

As you can see, the value of The F.A.T. Method is a total of \$1605 (but more accurately... priceless...because it's literally life-changing).

But you won't pay anywhere near that if you act quickly. Because your investment in this guaranteed weight loss program is just \$499. Or, if you prefer, you can make two payments of just \$269 spaced out 4 weeks apart. Then we also have a 3 payment option too.

And it will be the last weight loss program you ever need!

"After 3 years of working out with Brad and Get You In Shape, I knew I needed a jumpstart and to finally focus on dropping weight. I already trusted Brad so when he explained the basics of the F.A.T. Method, it made sense to try it knowing there was a 100% Guarantee. It proved to hold true t everything that is says as **I lost 16 lbs in the 8 weeks and that was during Christmas and New Years.** My inflammation and knee has been so bad that I had put off jogging again. But after a few weeks I tried to jog and was able to without any pain. That alone was worth every penny of the program because I love to jog."

-Karin Porter

"**I lost 15.6 pounds (8% of my bodyweight)** and I'm very happy that I went through the 8 weeks. It was informative and opened my eyes to a method that is sustainable and beneficial in many ways. "I have been struggling to lose weight for the past 4-5 years and it just wasn't coming off. I kept seeing Brad's posts about this program and decided to give it a try. I am so thankful I did because the weight FINALLY dropped as I lost 18 pounds in the 8 weeks program. I have kept going and am at 25 pounds in about 3 months. This program is simple to follow and easy to get results compared to everything else I have tried. It's also something I have continued to follow and will continue because it's more of a lifestyle. Thanks, Brad, for helping me find something that works for me!"

"I thought I was doing all the things necessary to lose weight but being active most days of the week and eating relatively healthy was NOT helping me lose weight and feel any better. After seeing all the success stories I decided to give it a shot for 8 weeks. I loved how the plan was laid out and all I needed to do was "follow the darn instructions." Just following the plan and having the accountability helped me loose **12 pounds in the 8 weeks**. I was telling Brad it has been since my last child was born 20 something years ago since I lost that much weight in 8 weeks. I was surprised at how simple and effective it was. Even though it was 100% virtual I felt like I had a coach with me along the way to support and keep me accountable. "I have really focused more on my health since my husband had cancer a few years ago. After talking with Brad I knew this would be a great program for me to implement. I was not needing to lost a lot of weight but I lost what I wanted to lose. REAL PEOPLE..REAL RESULTS **F.A.T. METHOD**

“I not only want to testify but would like to preach about the FAT Method a bit and what it has done for me. The FAT Method is not just a program to just lose some weight or get yourself feeling a little more fit, but it's actually much, much more than that...it's actually life changing. I'm here to say that after eight weeks with the FAT Method, **I lost 36 pounds and reached a weight that I had not seen on a scale since I was 19 years old....and I'm 47 years old now...** I also have not felt this strong since then either. I have tried all sorts of weight loss programs over the years and I've lost some weight here and there, but in the end, I gain it all back. I know this is a common situation for many people and I also know it's extremely frustrating. I have noticed however that the majority of all those programs have a similar flaw....they're just not sustainable long term....seriously, no one wants to buy some high priced special food that gets delivered to your door, or spend every waking minute counting points or adding up the calories in every damn thing you put in your mouth; see these plans will always fade with time, they are designed to tap into a person's willpower...problem with willpower, it's temporary. I needed to make a decision to change, understanding that making a conscious decision is permanent and not temporary, I needed a plan that I could get my head around and allowed me to make the decision to stay with it because it's sustainable and not something I could just force myself to do using my willpower. Ultimately, that plan is **The Fat Method**, this is a program I will implement and **carry with me for the rest of my life**. The eight week initial program was great, I was excited for everyone in the group and I felt so good by the end. I waited to give my testimonial because I wanted to prove to myself that after the initial program ended that I could easily continue. So I'm here to say I have continued and I have maintained my weight loss without any problem at all, I started buying all new clothes and look forward to what the future has in store. Thank You! Words can't really express how happy I am that I got on that first coaching call with you.”

“I must admit that I was quite wary when I started the F.A.T. Method program as I didn't know anything about it, just going on a friend's recommendation. Now that I've finished the 8 weeks, **I've lost 15.5 lbs.** during that time and I couldn't be happier! **I'm losing weight consistently while not having to sacrifice any of the foods I love**, what's better than that! I'm in a routine now and will continue until I hit my goal weight - THANK YOU Brad AND F.A.T. METHOD!”

-Darren Rosen

“I have dieted my entire life. I was never the "eat what I want" person. My latest diet including cutting out carbs and sugar totally from my diet. While I did lose a lot of weight doing this, eventually it was not a lifestyle I was able to maintain. Not to mention, when I started eating carbs I gained weight back. Then quarantine happened...and we all probably gained the quarantine 10 or 15. I knew I needed to get back on track so I gave the F.A.T. Method a try. Turns out it was the **best decision I have made** thus far. I don't consider this a diet...it is definitely a way of life! So far **I'm down 20 plus pounds and I plan to continue!** If you're skeptical give it a try...you won't be disappointed.”

-Alison Juliano

“I am loving this. I haven't been able to lose weight like this in years and not be miserable. **I'm down 15lbs but I'm also fitting in jeans and clothes that I haven't worn in years** and I can't tell you how many times in the last couple of weeks I've been told how skinny I look. I'm over the moon. I have no plans on stopping after 8 weeks. I can't thank you enough!”

"I just completed the easiest workout/nutrition plan ever **AND I LOST 31 LBS IN 8 WEEKS!** I've done them all...and they all do work. The problem is none of them are sustainable. THE F.A.T METHOD IS! if you're sick of fluctuating in weight or sticking with a plan that works without crunching numbers, calories and what and what not to eat...**I highly recommend this program!** It takes the thinking out of this. **Live your life, eat what you want, lose weight and feel GREAT! This is the real deal.** Keeping up with the new outlook on my eating habits and health, along with eating whatever the hell I want, makes this the easiest way to lose weight, get toned and not feel like you're giving up anything you love! If you are really ready, and don't lie to yourself or make excuses...if you are REALLY READY to lose weight and get fit, "The F.A.T METHOD" is right there waiting for you!"

-Vin Pitrelli

"My 8 weeks on the FAT method ends today, and I'm so excited that **I've dropped 15 pounds without feeling like I was really trying.** In the past I've tried juice cleanses, long cardio workouts, counting and logging calories, limiting carbs, grapefruit diets, but nothing was sustainable. So glad I took a chance after reading testimonials from people I actually knew; my life changed after that first coaching call! **I lost the extra weight that's crept on over the past few years.** I was able to enjoy things like French toast, spaghetti and meatballs, cookies, cheeseburgers, and wine...while losing without that hangry feeling! NO weight loss plan has ever worked this well for me while not making me feel deprived. And I have no doubt that **I'll be able to keep it off with what I've learned and incorporated into my lifestyle.** I'm a F.A.T. method follower for life, thank you!!!"

So glad I took a chance. **I have lost 15lbs in 8 weeks.** My mummy tummy is flatter and my body feels stronger. I have gained tools for life. I hope to lose another 3lbs by Christmas. Then I will be happy to maintain.

-Irene Murphy

“So grateful for the F.A.T. method! **I lost 15 pounds following the program.** Fitting into jeans that I haven't fit into in years! So easy to follow, will definitely continue to follow the F.A.T. Method.”

“One of the best decisions I made in my life was joining The F.A.T. Method. **Never in my life have I lost 16 lbs. in just 7 weeks.** I can fit into my old clothes again, I feel good about myself and I'll be doing this for the rest of my life! Thanks!”

-Anne Ermita

“I can't say enough good things about The F.A.T. Method. It works, but the reason why it works even after the 8 weeks end is that it's sustainable. It doesn't require you to change your lifestyle or force your friends and families to adapt to cooking you a special dish tailored to your diet. **I have more energy and lost half of my goal weight already (12 pounds!).** I feel more energetic and it's helped stave off some of the boredom and random eating. Thank you!”

“I have been on the roller coaster of weight gain/loss for years. Knowing Kevin for so long, I trusted his belief in his F.A.T Method and I am certainly glad I did. **I lost 18 pounds**, enjoyed a Thanksgiving feast and many other meals, AND I’ve developed a love affair with this type of lifestyle! Wow...it’s a game changer! If you have desire and goals regarding weight loss...the F.A.T. Method is definitely your way to go!!!”

-Chris Gaskin

“I highly recommend this program for anyone that needs to change their weight loss routine. Tired of counting calories? Or tracking points? Don’t want to miss out on all of your favorite treats, but yet still lose weight? Try it, you won’t be disappointed. **Down 20.8 lbs. in 8 weeks and I’ve never had that much success with any other program.**”

-Laura Kibala

“Wow! **8 weeks down 17.3lbs!!** Even with the biggest food eating holiday of the year Thanksgiving. With any new routine there are some days that were easier than others but overall this is a plan I can stick to. Especially since I was able to eat all my favorite foods and be social with a few drinks.

I also noticed some changes. **Less inflammation. Less bloating. Better recovery from workouts. Less fatigue. Even less PMS (sorry).** I don’t worry about what I eat anymore. Food no longer controls me. And I don’t feel guilty having some of the sweat tooth foods I love. I also hit a few unexpected goals. Everything in my closet fits even somethings are too big. I got into my size 4 pants that have not fit in 5 years. Passed my wedding weight and presently at my HS weight. (Sadly even back then I was considered fat).

And all the people who say it’s harder to lose weight when you get older because your metabolism slows down, well seems this group is around my age (48) and this was the easiest and fastest it’s come off in the last five years and I’ve tried everything else from weight watchers to whole 30 to shakes to measuring food and counting calories etc. THANK YOU for giving me the tools I’ve needed all these years!”

"I've known the coach for many years. He is so knowledgeable on health and fitness and I can honestly say I completely trust him. When he told me about the F.A.T. Method I knew I had to do it. I've been talking about losing ten pounds for years. I lost 14 pounds in just 8 weeks with this and still going. It's crazy! Everything in my closet fits! Trust the F.A.T. Method and the process. You will not regret it."

-Joelle Maier

"Well I fought the F.A.T. Method for the 1st few weeks because of my old ways of thinking and my coach kept telling me, "Trust me, trust the process." I finally relented, at least on the surface, once I saw these previously unheard of results. I've counted calories, cut out carbs, ate nothing but fruits and vegetables and **NEVER had the results I got from the F.A.T. Method! I LOST 30 LBS in 60 DAYS** and am guaranteed to being under 200lbs for the 1st time in 7 years! Yes, you heard me GUARANTEED!! What amazed me, in addition to the weight loss, was the fact that this was the 1st nutrition program I've ever done where I didn't lose any strength in the gym! I will never count a calorie again or cut out any particular food group!"

-Jim Tolomeo

"I started trying to lose weight like most people back in January with a New Year's resolution to lose weight and get back in shape. For the first 10 months I lost 5 pounds. I was introduced to the F.A.T. If I decide to try measuring food it seems like too much work. The F.A.T. method is truly an awesome program and one that is easy to stick to. I am so glad I gave it a try. **I lost 12 pounds and gained a lifestyle change that I feel will be easy to maintain.** Thank you!”

-Joann Finley

“Not only did I lose **19 lbs. during my 8 week F.A.T. Method Program**, but the thing I like most about it is that there’s a lot of flexibility in the way you can implement it. It also seems sustainable over the long-term, which is the opposite of most weight loss methods out there. A little bit of discipline and the F.A.T Method can go a long way!”

-Orton Chen

“I’m just another one of those people who has dieted in phases for years but never found anything I could stick to. I figured this would be another one but I liked seeing all the other testimonials so i decided to give it a try. During the 8 week program **I lost 24 pounds and 11%** of my body weight and the scale starts with a “1” for probably the first time since the year also started with a “1”. **I just kept going and am now down 40 lbs!** No calorie counting. No supplements. No foods that are off-limits. And the best part is it’s not over. It’s just the beginning of a lifestyle I know I can stick to. My only regret is not signing up sooner. Thanks!”

-Stu Levy

"I can't say enough great things about The F.A.T. Method! It has truly changed me! During the 8 week program, **I lost 20.6 pounds and feel healthier than I can remember feeling in a very long time!** I have to admit that I never thought I could do it and I have to say, it was easier than I thought it would be! I am 45 years old and have had 3 kids and have tried (or at least it felt like I tried) just about everything out there to try to lose weight and I never came anywhere close to having the success I did with The F.A.T. Method! The weight came off easily and consistently and continues to come off still! I now have the tools I need to continue on the journey that I started through The F.A.T. Method!"

-Sharon Mannino

"I recently completed the FAT method 8 week program. I learned much more and it was far less complicated than ANY other plan I have ever done (against the 5 well known ones that are currently on the market). The model is simple but the best parts about it, is if I swerved off, I could get right back on and see progress right away!! During the 8 weeks, **I lost over 10 lbs.** But, it wasn't about the loss of pounds for me- **I lost 2 dress sizes along with my 'mom' belly that I have had since giving birth to my son (3 years ago)** And have since kept it off. My addiction or need for food, every 2 hours is GONE!! It has completely changed my relationship with food. This has been the only plan that I feel I can keep on going and will continue to see progress. Even my husband wants in!"

-Amanda Richter

"I wanted to reach out as I just completed my first 8 weeks on the program. **After 8 weeks, I've lost 16 pounds.** I went from 171 to 155 and can't wait to see the 140's! They were the easiest pounds I've ever lost. You were so encouraging during the journey. I am very proud of my weight loss since was unable to do any of the strength training during the 8 weeks. I also found that I was striving to eat healthier meals during the 8 weeks and I plan on that never stopping. I am excited to continue on the program. Thanks for all of your support!"

“Headed into the New Year as many of us do, with a desire to lose weight and focus on my health. Had heard from a few friends about their success following the F.A.T Method program. I’ve done so many different “diets” over the years, so I figured why not give another one a try....it’s only 8 weeks. In those 8 weeks **I’ve shed 19.8 lbs allowing me to see a number I haven’t seen in over 5 years and have lost a ton of inches.** I feel empowered by the choices I now make with food, have gained my energy back but most importantly have gained the confidence that I can sustain this method into the future. For the record, the F.A.T. Method program is not a “diet”. You will not need to eat certain foods or deprive yourself. You won’t count calories or track your food. If you are looking for a change, don’t delay, give the F.A.T. Method program a try.”

-Stacey Vassallo

“Thank you so much for introducing me to the F.A.T. Method! It was the best decision for me! It has made me conscious of what I eat! And the best part is **my clothes are loose and feel comfortable again!** This was a game changer! I will continue to use all the tools I learned. I appreciated all of your advice. Thank you so much!!! I truly enjoyed it!”

-Dina Doughney

“**I started at 191 lbs and as of today I am 170 lbs.! 21 total lbs!** Although I am down 21lbs, I feel like I lost way more. I appreciated the opportunity to do this program and I am living proof it is successful in every way. I lost 21 lbs and agree it "starts in the kitchen". Yes, working out is important but not the caveat to success on your program! With my busy schedule these days, it worked perfectly. I am not that guy to count calories or pack celery and carrot sticks to snack on during the day. So the F.A.T Method could not have been any better for me.”

“I completed my 8 weeks of The F.A.T. Method on Sunday. I was hesitant at first to embark on the journey because I did not need to lose a large amount of weight. I’m petite and any extra pounds I felt in my knees. My weight has fluctuated up and down 10 lbs. since I reached my 40’s. Heart disease runs in my family so I am very conscious of my health. I wanted to get toned and leaner. I am beyond pleased with my results. **I lost 8 lbs. during my 8 weeks which is an accomplishment since I’m just under 5 foot tall. I haven’t been at my current weight in about 10 years and I was always active.**

I lost 3 inches off my waist and I fit in clothes I haven’t worn in several years. I can see the definition back in my arms and legs and lost inches there as well. **My knees no longer ache** when exercising. I have more energy and I sleep well at night.

I have more self-confidence and the exercise program fit well into my hectic schedule and I loved not having to count calories or over think what I was eating. I no longer stress eat and it’s not a struggle which is huge for me. This is just the beginning. I plan on continuing this lifestyle. It’s the best investment I made for myself. You are worth it. Embark on this journey and you won’t be disappointed.”

"I was very skeptical when I started the F.A.T Method - I have tried everything out there counting calories, macros, shakes, and honestly my first thought to myself was "great another diet to try that's not going to work." Boy was I wrong!

I lost 24.4 pounds on the F.A.T. Method In 8 weeks and I couldn't be happier! My clothes fit better, I sleep great, my mood has changed so much and I feel energized. The F.A.T. method is NOT a diet and I think that's what I loved most about it. **It's a way of life that's easy to maintain.**

The coaching was great! If I had a question, it would be answered right away. He was always willing to share new knowledge and most importantly very positive and so supportive. Thank you so much F.A.T. Method!"

-Luciana Gameiro

"I was initially introduced to The F.A.T. Method program because my brother went through it. I saw his results and eventually I signed up too. When I started, I was more than a year into a conventional weight loss program and had lost a lot of weight. But then I stalled and some of the weight had crept back on. I got lazy and bored with all the weighing, measuring and tracking and was disappointed that my progress had stalled. So I was ready to get started.

During the 8 week program, **I lost more than 20 pounds.** The coach did a great job of helping me know what (and when) to eat and how (and when) to work out to maximize my weight loss and health benefits. Now that the 8 week program is over, I am still implementing what I learned and the scale is still moving in the right direction.

As a bonus, **my cholesterol and blood sugar were down on my recent blood work**, too. I love that the program is sustainable and I have been able to adapt it to my lifestyle. I now know how to listen to my body, take rest days and make smarter choices about food. I fully expect to reach my weight loss goal using the FAT Method. If you want to get healthier, and lose weight, you should try the FAT Method!"

But I really feel that I have changed my outlook on that since starting the F.A.T. Method. It's not dieting it's a lifestyle. You truly have a gift. You are wonderful at what you do. I love that I never feel deprived of things I like to eat (though I know I could be better in this area), and will continue to be more mindful of what goes in my mouth (and when). Thanks YOU!"

REAL PEOPLE..REAL RESULTS **F.A.T. METHOD**

"I cannot say enough about your program. I tell every single person I see. I am about 10 weeks into the program and have **lost 15 pounds**. The program is so simple. It is black and white, which makes it so much more manageable. Not only have I lost weight, **I truly have more energy and I am so much better mentally and emotionally**. The beauty of your program is that I can eat normally and drink my wine on weekends and on vacation and then jump right back into it when I return! I will keep spreading the word!!!

-Barbara Ben-Yishay

"So I'm very happy with the results. **I lost 11 pounds** on the program and it was much easier than I thought it would be. I feel lighter, less bloated and overall healthier. The coach is good about answering any questions you may have and overall very helpful through the entire eight week program.. I will follow it the rest of my life... Thank you again!"

-Joseph F.

"I was stuck with my weight and didn't have the motivation to get out until I found the F.A.T. Method. Brad does an awesome job in spelling out EXACTLY what to do (and it's simple) which made it very easy to follow and not overwhelming, which I tend to get with programs like this. **I ended up losing 12 pounds during the 8 weeks, my inflammation is down, I am sleeping much better**. The flexibility of the program was great. I felt like I did have a personal coach giving me support and help anytime I needed as well as keeping me accountable. I did not realize how much being held accountable would motivate me but it did. If you are looking for results, try it." Traci Collum

"Thanks Brad for giving me a simple plan. I lost 15 pounds during the 8 weeks but have the tools to actually keep doing it for the rest of my life!"

"I tried this program on a whim...what will happen if all the success stories I read and videos were actually true? Could I do it? Mind over body challenge. I am in my early 50's and not willing to give up my lifestyle. The F.A.T. Method Works as **I lost 15 lbs. in 8 weeks**. It was simple and effective. I lost another 5 lbs the next month for **20 lbs. in 3 months**. It's now been 6 months and I have kept it off continuing to follow the F.A.T. method. It has allowed me to still enjoy going out with my husband and maintain my weight. If you are looking for something different, excel with having a coach and accountability, then give it a try."

Cindy Bladl

"Praise be to Christ almighty! Thank you for bringing me to Brad and Get You In Shape. In 2014, I suffered a near death experience from sepsis, which left me with 50% kidney function and loss of muscle function. I've been struggling with health and mental issues for the last 9 years and I have been praying to find something to help me recover.

With the FAT method I have been able to lose weight (15 lbs), increase my confidence, improve my physical strength, eliminate bad habits (replaced with good ones), and improve my mental peace of mind.

I was surprised how quickly the changes occurred. I would recommend this program to anyone who has tried everything and gotten less than desirable results. You will get results with the FAT Method, even ones you are not expecting.

'I can accomplish all things through Him who strengthens me' Thank you Brad for helping me to become the best version of myself."

- Tony Azcona

"I have a stressful job and I have always struggles with losing weight and my eating. I trusted Brad and Get You In Shape so I decided to give the F.A.T. Method a go. Although I did not follow the plan 100% I lost 9 pounds in the 8 weeks. I am now down 14 pounds 4 months later so I am just happy I have found something I can stick to and lose the weight slow and steady.

REAL PEOPLE..REAL RESULTS **F.A.T. METHOD**

"I was counting calories and trying to eat perfect for 9 months and lost 15 pounds during that time. I tried the F.A.T. Method and lost 15 in only 8 weeks! I have kept going and I am not down 40 pounds in 6 months. I started at 69 years old and now am 70 years old. All I did was "Follow The Darn Instructions." I also am jogging for the first time in my life and just did a mile in under 13 minutes. If I can do it...anyone can do it! The F.A.T. Method works!"

- Debbe France

"I lost 20 lbs in 6 months by eating healthy and exercise. I was doing it the old fashioned way with counting calories and follow meal plans and it worked for a while. Then life happened my motivation to continue stopped. My workouts slowed down over time to nothing and my healthy eating habits stopped. That lasted for about 6-8 months and all the weight I lost was back. I was back at square one again. It was perfect timing seeing the F.A.T. Method because I needed it. I was so hesitant to start that I actually did not start until the final day. It was the motivation and simple plan I need as **I lost 12 lbs in the 8 week program which I was super excited about. I just kept going after and am now down 38 lbs.** It has been slow and steady which is great because I know that I can stick with the F.A.T. Method forever. I highly recommend this program for anyone who has struggled with their weight or struggle with staying consistent on something."

-Patty Mallard

"I was stick and tired of the way I felt, how my clothes were fitting and was excited when I heard about the F.A.T. Method because I was a part of the Get You In Shape Program in the past and liked it. I liked how it was all virtual because I was not in the Coppell, Texas area. **I lost 20 lbs in the 8 weeks.** I was scared I was not going to be able to do the workouts but they are great and it was like I had my own trainer with me each time I worked out. My mind is in a much better place about food and am excited because I have tools that I can continue using to help me continue to get results. My wife and I did this together so it's been fun doing it with her. Thanks Brad

"My wife saw Brad speak in San Angelo, Texas and said that I needed this program. After a quick call with him I knew this would be exactly what I needed to get me motivated to drop the over 80 pounds I need to lose. **I ended up losing 27 pounds in the 8 weeks.** I loved how each week built upon the previous week so I did not feel overwhelmed like a lot of other programs. The accountability was a huge part of the program for me since I tend to lose motivation after a few weeks."

- Zack Spurges

"It's been tough in my 50s to stay active and lose weight. When I heard about this program I was very hesitant because it promised at least 10 pounds in 8 weeks and I have not lost 10 pounds in a year trying all sorts of things. But, as promised, I ended up losing 14 pounds. I loved the workouts since I work from home and could do them whenever I wanted. Even though this was 100% virtual I felt like I had support and a coach every step of the way which helped keeping me motivated "

-Ellen Lazaroski

"I had been following Brad for a while and saw all the successes from the program. It wasn't until I got the email about the next program that I responded. I have struggled with the all or nothing mentality for most of my life. The way this program is set up to go at your own pace really helped me look at the big picture. I was able to lose 13 pounds. That is just one of the benefits as my mental focus and energy has really changed. With the work I do, I have got to be high-energy all the time so that alone was worth the investment of the program. Now that it is over I would say that the investment in the program is nothing compared the tools that I will be able to use forever that were given to me during this program.

"It's been really tough finding something to stick with having 2-3 part jobs and having 3 kids at the house. I was looking for something simple that could work with my crazy schedule the F.A.T. Method was a perfect fit for me. I was looking to lose 15 pounds before a vacation trip and I lost exactly that...15 Pounds in 8 weeks. I am pretty short so that was HUGE for me. The coaching and the daily touches helped keep me motivated when I did not have the motivation. I now have a plan to continue with using the tools I learned over the 8 weeks"

- Meaghan Morales

"I have been a part of Get You In Shape for some time now and kept seeing all the success stories from the F.A.T. Method. With a beach trip coming up, my husband and I decided to get in swimsuit shape for our trip. I am a rule follower so I loved how everything was laid out for me. All I had to do is follow the darn instructions. I did not need to lose much weight but I did end up losing 7 pounds and felt awesome in my swimsuit on vacation. I would say the biggest takeaway is that this program is much simpler than most of what I have tried in the past and it is also something I can just stick with because it's more of a lifestyle than a program "

-Clare Strartviet

"I had lost 35 pounds already with Get You In Shape before they started the F.A.T. Method. After some time, though, the weight went up a little bit so when my wife and I were thinking about our beach vacation, I knew I wanted to give this program a go. I do well with having a plan so I liked how it was so structured. **I ended up losing 11 pounds** which was all I needed to lose so I am happy with the results.

"I have had some major health issues for a few years that we finally got the answers for recently. With that, my weight has increased and my friend shared this program with me when looking for something that would help me lose the weight. I loved that I had a coach to check in with because I have not been very good in the past with doing stuff on my own. The mental part of the program was helpful too. I learned ways to help increase my motivation behind my choices. I lost 17 pounds in the 8 weeks. It's not about the weight loss but just the increase in confidence knowing that I can do it. Thanks for all the help!"

- Geanie Miller

"I am from Scotland and found Coach Brad on the internet. After seeing all the success stories from the program and even having an initial coaching call with Brad I thought I would give this a shot. I knew after the first week that this program the perfect fit for what I was looking for. It had a plan to follow which was simple but effect. I also had a coach I needed to check in with. I lost 22 pounds the first 8 weeks and have now lost 35 pounds in 14 weeks. I actually look forward to my workouts now and don't have a negative mindset around food anymore. I highly recommend this program!"

-Kanita Patterson

"I have spent the last 3 years trying to lose weight trying all sorts of things with nothing working. I participated in the Get You In Shape 5k for Special Olympics and got the flyer about this. Since it was 100% guaranteed I decided to give it a try. I was able to lose 16 pounds in 8 weeks with this program. YES!!! What I could not do in 3 years of workout and trying to eat better took just 8 weeks with this program. I am so happy to find something that works. Thank you for all the support!"

"I am a trainer at Get You In Shape and decided on a whim to try this 8 week program. In 8 weeks I lost 15 pounds. I know..shocking. My other boss who has been in the health industry for over 25 said "Women over 50 don't lose 15 pounds in 8 weeks" and I did. I am married and don't have kids so my husband and I like to go out to dinner quite a bit and also indulge in adult beverages. Even with that lifestyle I was still able to lose 15 pounds following the program."

- Cindy Bladl

"I was in Get You In Shape years ago and saw the new F.A.T. Method Program was 100% virtual. I had been struggling with how I felt and my energy so I thought I would give this a go. I can't believe the results. The main thing is HOW I FEEL. Being in my 60s I can't believe how much energy I have now. I also lost 20 pounds which was huge confidence booster for me. I love it and will continue on using the tools provided to keep the weight off."

-Terrie Rattliff

"I have been struggling with my health and weight for years now. I am always hesitant trying new things because I have failed at many programs before starting this one. But after watching all the success story videos and hearing of people like me having results I decided to give it a try. **After 8 weeks I am down 18 pounds. It's now been 20 weeks and I have lost 35 pounds.** It's sparked a drive inside me which has helped keep me motivated along the way. I also feel that the program is more of a lifestyle change for me. Other programs were too intense so when I stopped the weight just came back where this one teaches you how to move and eat each day so it's just how you live which is why it has worked for me"
